## DONUTS AND PASTRIES

In the wee hours, our bakers are hard at work. While Sugarcreek sleeps, they're busy glazing dozens of apple fritters, putting the finishing touches on our famous cream-filled Long Johns (also known as creamsticks) and dusting sugar over the biggest cinnamon twists you may have ever seen.

**Proven Sellers** With long track records as best-sellers, our donuts and pastries provide excellent opportunities for both retail sales in your shops or for catering.

## FRESH-BAKED COOKIES

Our soft, buttery cut-out sugar cookies, country-style buttermilk cookies iced with a pretty swirl of frosting, and classic chocolate chip treats will tempt kids of all ages.

**Packaged for Your Store** Our scrumptious cookies are packaged with the seller in mind. Sell them individually, or in our clear clamshell containers for an appetizing and easy presentation.

## CAKES & CUPCAKES

From mouth-watering German chocolate to our delightful cream cheese-filled pumpkin rolls, Dutch Valley cakes are popular in groceries all across the Sugarcreek area. Also available are specialty cupcakes, ho ho cakes, whoopie pies and angel food cakes.

## AMISH-STYLE PIES

Mixed from scratch, fluted by hand, and baked on the premises every day, Dutch Valley's line-up of pies includes crumb-topped Dutch apple, blueberry, lemon meringue, chocolate cream, banana cream, raspberry cream and the uniquely Amish peanut butter cream. Ask us about our entire list!

**Never Frozen** Our pies are never frozen and always delivered the same day they are made.

**No-Sugar Added Options** We understand today's concerns for health and diet, so we offer several varieties of pie for those on limited sugar diets.

## BREADS AND ROLLS

Though we're known for our traditional Amish-style breads and dinner rolls, you'll find an assortment of breads – cinnamon raisin, cinnamon swirl, sourdough and apple fritter bread. Hearty and homemade specialty breads such as Foccacia and Challah breads are also available.

### No Preservatives

Our yeast breads are never made with preservatives or fillers and the taste reflects that. Caterers and retail stores alike will appreciate the freshness that is our bakery's signature.

### Sweet Rolls

Available in single rolls or pans, our cinnamon rolls are topped with a flourish of creamy white or caramel frosting. Try our pecan rolls for a decadent and addicting variation.
