FRESH-BAKED COOKIES

Our crisp snickerdoodles flecked with cinnamon, country-style buttermilk cookies iced with a pretty swirl of frosting, and classic chocolate chip treats will tempt kids of all ages.

Packaged for Your Store Our scrumptious cookies are packaged with the seller in mind. Sell them individually, or in packs of 8 or a dozen for an appetizing and easy presentation. **Sugar free cookies are also available.*

CAKES

Our experienced bakers create cakes and cupcakes for any occasion. Along with the traditional white, chocolate and marble, ask about our specialty options, such as our popular Carrot Cake, Red Velvet and our signature, Apple Butter Spice Cake—made with our own apple butter. Chocolate rolls, whoopie pies and angel food cakes are also available.

AMISH-STYLE PIES

Mixed from scratch, fluted by hand, and baked on the premises every day, Der Dutchman's line-up of pies includes crumb-topped Dutch apple, blackberry, key lime, chocolate cream, banana cream and the uniquely Amish peanut butter cream. Ask us about our entire list!

Never Frozen Our pies are never frozen and always delivered the same day they are made.

No-Sugar Added Options We understand today's concerns for health and diet, so we offer a few varieties of pies, muffins and cookies for those on limited sugar diets.

BREADS AND ROLLS

Though we're known for our traditional Amish-style breads and dinner rolls, you'll find an assortment of breads – apple cinnamon, sourdough, multi-grain, and rye. For those who like sweeter options, we have pumpkin, banana, orange cranberry, zucchini, and date nut.

No Preservatives

Our yeast breads are never made with preservatives or fillers and the taste reflects that. Caterers and retail stores alike will appreciate the freshness that is our bakery's signature.

Sweet Rolls

Available in single rolls or pans, our cinnamon rolls are topped with a flourish of creamy white or caramel frosting. Try our pecan rolls for a decadent and addicting variation.
